**University of Massachusetts at Amherst-** Fortunately this year we had the pleasure to be invited to the campus of UMASS. The university gave us a complimentary tour of the school and also provided us with an outstanding lunch. We got to meet with Mr. Mike Gargano, the Vice Chancellor of Students Affairs. The students also enjoyed attending a football game. It was a long ride to the school but it was an experience to remember.

**Weekly Contact Contest-** We at College Application Education Project, Inc. (CAEP) are excited about an opportunity to get students and family's gift cards to community based businesses. The student with the most contacts with our staff (discuss college, school, family life etc.) during a week wins a gift card from a community business. For this project to be a success, we are asking companies to help us out this year by becoming a partner with CAEP and provide gift card(s) and/ or a tax deductible donation. The benefits of the students contact with the greater community through gift cards are immeasurable. Since November, 2007 over five hundred dollars in gift cards have been given away to students and families.
